Reasons for Allowance

1. Claims 1–21 are allowed.

The following is an examiner's statement of reason for allowance:

None of the references of record teaches or suggests the claimed a an image project with, along with all the other claimed feature, an optical system, a lamp driver, an image processor, sensor device, a comparator and control device for compensating the detected change in brightness in response to the brightness control signal by resetting the brightness of the light incident on the picture screen device at a moment t_0 later than $t-1$, in particular to the brightness detected at the previous moment $t-2$, and by **subsequent conversion of the reset brightness during a predetermined time interval T to the brightness detected at the later moment $t-1$, the resetting of the brightness occurring so soon after the arc jump**, and the conversion of the brightness during the time interval T occurring so slowly that the changes in the brightness of the light incident on the picture screen device caused by the arc jump, the reset, and the conversion are not perceptible to the human eye.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
